RESPONSE TO NOTICE OF NON-COMPLIANT APPEAL BRIEF

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

A Notice of Non-Compliant Appeal Brief was received by Applicant stating that the appeal brief filed on August 22, 2007 is considered non-compliant because "The brief does not contain a concise explanation of the subject matter defined in each of the independent claims involved in the appeal, referring to the specification by page and line number and to the drawings, if any, by reference characters; and/or (b) the brief fails to: (1) identify, for each independent claim involved in the appeal and for each dependent claim argued separately, every means plus function and step plus function under 35 U.S.C. 112, sixth paragraph, and/or (2) set forth the structure, material, or acts described in the specification as corresponding to each claimed function with reference to the specification by page and line number, and to the drawings, if any, by reference characters (37 CFR 41.37(c)(1)(v)). The citations are not correlated to the claim limitations, instead they are all grouped together after the recitation of a large portion of the claim. Thus, it is not clear which element the citations are mapping and it appears that not all elements are mapped.". A copy of the Notice of Non-Compliant Appeal Brief is attached hereto.

No fees are believed to be required. If, however, any fees are required, I authorize the Commissioner to charge these fees which may be required to IBM Corporation Deposit Account No. 09-0447. No extension of time is believed to be necessary. If, however, an extension of time is required, the

extension is requested, and I authorize the Commissioner to charge any fees for this extension to IBM Corporation Deposit Account No. 09-0447.

In response to the Notification of Non-Compliant Appeal Brief dated November 13, 2007, please reconsider the holding of non-compliance as follows:

REMARKS

The citations are not correlated to the claim limitations, instead they are all grouped together after the recitation of a large portion of the claim. Thus, it is not clear which element the citations are mapping and it appears that not all elements are mapped."

In order to address the Examiner's concerns, a Replacement Appeal Brief is submitted herewith. It is respectfully submitted that the Replacement Appeal Brief filed herewith is in compliance with 37 C.F.R. § 41.37. Appellant respectfully requests that the Replacement Appeal Brief be entered.
